

REPORT

From the office of the...

Health Sciences Caucus

TO: Members of the Student Representative Assembly
FROM: Bethel Samson
SUBJECT: SRA 20G Report
DATE:

Progress on Year Plan

We have been maintaining a strong social media presence on Instagram and Facebook by constantly posting student union related information and opportunities. We are also planning on doing an SRA introduction soon on social media. We are in contact with the Dean and EIO for AOP training for TAs.

Past Events, Projects, & Activities

We have supported OPIRG Projects and other clubs on our social media in order to keep our audience interested. We attended BHSS meetings in order to update our audience in live time. It's the beginning of the year, so we are still planning many of our events and projects. Stay tuned!

Upcoming Events, Projects, & Activities

We are planning on contacting BHSS Academic committee in order to create a centralized student resource database. We are also aiming to have AOP TA training by winter. Furthermore, program evaluations are underway for students to give feedback on BHSc a whole.

Current Challenges

Second semester is now online and some of our platforms were related to library beautification and the addition of plants in the BHSc Lounge, so this platform point will have to be adjusted.

Volunteers (Standing Committees only)

We have had our first meeting for our respective standing committees and there are no challenges as of yet!

Successes

Making it through all the summer meetings and re-elections!

Other

Nothing.

Best,
Bethel Samson
