### Discussion on Amendment

- Mehta advised that they and Della-Vedova had been working on this amendment. They added that from consultations with constituents along with recommendations from McMaster Hillel and SPHR that were heard from their presentations, they felt it would be great to include more tangible action items in the statement to prevent discrimination. They also felt it would be beneficial to have supports available to individuals who would be potentially discriminated based on the passing of the motion. Mehta informed that the following sections were added to the statement:
  - **“Whereas, the SRA continues to unequivocally condemn hatred and harassment towards all students, regardless of faith; and”**
  - **“Resolved, that the MSU will explore expanding its current sustainability policies to create an equitable purchasing specific policy over the fall 2021 semester to encompass both prior sentiments expressed by students and to further their commitment to fair, equitable and harm free trade through selective purchasing; be it further”**
