

REPORT

From the office of the...
Engineering Caucus

TO: Members of the Student Representative Assembly
FROM: Fraser McCauley, SRA Engineering
SUBJECT: SRA 21M Report
DATE: January 9th, 2022

In the end of the winter semester, a pair of surveys on Open Educational Resources and the financial impact of commercial resources was circulated. These surveys closed at the end of December, with excellent turnout.

- The student-facing survey received 240 responses from undergraduate students.
- The instructor-facing survey received 64 responses from professors.

We are currently working to prepare a report on the survey results, which will be presented at a future SRA meeting. Sometime in the next month, the winners of the financial incentive will be drawn and notified.

Our caucus is also in the process of setting up an Instagram account, and planning how it will be used to reach out to engineering students. By the next SRA meeting we hope to have it live with content, so stay tuned!

Best,

Fraser McCauley
