

REPORT

From the office of the...
Engineering Caucus

TO: Members of the Student Representative Assembly
FROM: Fraser McCauley, Engineering Caucus Co-Leader
SUBJECT: SRA 21P Report
DATE: February 22nd, 2022

Until recently, the engineering caucus was fairly disjointed, with infrequent meetings and little collaboration. We recently have adopted a more regular regime of meetings to ensure that we can work together cohesively and have a plan moving forward into the next year.

We've put together a social media and outreach plan to better engage with our constituents, and will shortly begin posting on a weekly basis. We have engaged with stakeholders from the library and MacPherson Institute to process and put together a report on the OER surveys circulated last semester, and plan to have it ready to share by the end of the semester.

Best,

Fraser McCauley
