Progress on Year plan

Some exciting updates have occurred with the MA committee. First, on February 7th, 2022, Vice President Education and Associate Vice President Municipal affairs will delegate to city hall to present our municipal budget recommendations. The recommendations include policy reform, racial justice, housing recommendations, two transit recommendations, snow clearing, and lighting. Next, the Your city survey went out in early January, which is currently collecting information on municipal issues (housing, transit, police, etc.) to inform MSU police for the coming years further. The youth strategy at the city is being worked on with the MSU as a part of the Hamont Youth group. MSU may join the Hamilton community benefits network to get a stronger voice on the Hamilton light rail transit project. Finally, work on the municipal engagement week has begun.
