### **Year Plan Update**

As I just inherited the service earlier this year, there is little to be said about progress and Year Plan Updates. More details will be available upon my hiring a AD and our collaborative generation of an updated Year Plan.

### **Events, Projects, & Activities**

#### *General Service Usage*

n/a

#### *Projects & Events: Project 1 (Upcoming/On-Going/Complete)*

My current project is building an executive team and volunteer team. No external projects are underway at this time.

### **Outreach & Promotions**

#### *Summary*

There is not yet much outreach to MSU members. At this point, all promotional materials and social media outreach have revolved around job opportunities for MSU members.

### **Finances (Budget Summary)**

n/a

### **Executives & Volunteers**

### **Successes & Current Challenges**

Building a team has proven a laborious process and is going slower than I would have liked. Fortunately, the VP of Admin (Mitchell German) and Head of HR (Renee McIntosh) have been a huge help in facilitating and administering this

process. I am hopeful that the PCC will have a full team soon and can begin Year Planning!
