TO: Members of the Student Representative Assembly  
FROM: Sarpina Chui, Vice-President (Finance) & CFO  
SUBJECT: SRA 22J EB Report  
DATE: 13/11/2022

---

Dear Members of the Assembly,

Since our last SRA meeting, we have had 2 executive board meetings (EB 22-14, EB 22-15). In these two meetings, we have received updates from our PTMs, adopted recommendations from the Sponsorship & Donations Committee, and approved minutes from EB 22-13. We have also had productive closed sessions surrounding employment matters.

The reports we've received were from FYC, Macademics, Maccess, SHEC, Maroons, Spark, SWHAT, and WGEN. We have seen a general surge of usage across all our services. Specifically, there's been a steady increase of social media engagement through our services' promotion and outreach effort. A challenge that's been impacting both FYC and Spark is the cancellation of first year formal. This was a needed decision due to low-ticket sale. They are currently working closely with the accounting department to refund all purchases. This was a valuable lesson for everyone to better communicate needs and expectations when planning for an event.

As recommended by the Sponsorship & Donations Committee, we approved the \$400 sponsorship to the Health Science Musical, \$100 donations to Newman Youth Basketball Team and the Grimsby Youth Soccer Team, and \$100 Youth Bursary Donation towards a Basketball Registration and a Hockey Registration.

### **Current Challenges**

Executive Board is the only place where members of the SRA can receive updates from our services and provide input. Overall, PTMs have been doing a great job submitting reports on time. However, there are times where certain individuals are not in open communication, making it challenging for us to receive updates. Though our Vice-President (Administration) has already reiterated the importance of submitting reports in a timely manner with all PTMs; I look forward to better understanding our services' need and better supporting our PTMs.

Cheers,
