Progress on Yearplan

- I contacted Rob Curran, the MUSC Maintenance Coordinator to get an update on the MUSC extension cord project. We are waiting for the electrician to ensure that the correct power supplies are used to help with the extension cord project. Once the electrician approves, we should have the extension cords running throughout MUSC
- On August 31st, we elected our Arts and Science SRA Observer
- We have been using our Instagram page to promote McMaster events that were running during the summer. With the newly elected SRA Observer, there will be more community engagement using social media platforms

- Meet with SASS presidents to discuss events that could promote Artsci SRA engagement
