Progress on Yearplan

So far, so good with the year plan. Volunteer/executive surveys are almost ready to be released after input and feedback from the committee, just hoping for final input from PTMs and Michael Wooder.

Past Events, Projects, & Activities

We've gotten into the routine of our biweekly meetings for the semester, and so far turnout has been great! The external research document is almost complete, and the volunteer/exec surveys are almost ready to be released.

Upcoming Events, Projects, & Activities

Hoping to release the volunteer/exec surveys within the next two weeks and then complete the general student body surveys by mid-late November. The committee is also working on a report similar to the external research document for SWHAT, which is requesting some changes to their operating policy and budget to better support their volunteers. This is an ongoing project that is in discussion with VP Admin and Executive Board.

Outreach & Promotions

Nothing official yet, but we have had discussions on how we want to incentivize the surveys, branching out from the usual gift card prize.

Successes

Consistent turnout in meetings and lots of hard work from the committee! I'm very happy to see the projects go forth. One of the goals for this year was to have higher committee involvement in the service review process, which has been successful so far, loving the input from the committee.

Current Challenges

October is a very busy time as students due to midterms and so there's just a little bit of struggle managing the projects with student responsibilities, but we've been working through it and maintaining communication throughout.

Volunteers (Standing Committees only)

Volunteers are doing fantastic work, thank you so much for your commitment to the committee! I hope we can fill that final MSU seat and have a full committee.

Best,
