SUBJECT: Spark Report #5
DATE: November 6, 2023

Yearplan Update

I am pleased to share that Spark's programming is progressing well in accordance with the year plan! Since our last report, weekly Spark Sessions and Sessions Training have been continuing to run smoothly. We are about to launch our Spark Ambassadors program, which allows first-year students (Sparklings) to gain more of an insight and involvement with the "behind the scenes" aspects of Sessions programming. This weekend, we are also hosting our second event, Hike & Hangout, and signups are looking very promising so far. Much of our time and effort this past month has been put towards organizing and launching First Year Formal, which I am excited to share more about in this report. I hope you enjoy learning more about our service operations this month!

Events, Projects, & Activities

General Service Usage

Spark Sessions are continuing weekly, as per usual. We are nearing a time in the semester when students are busier, and this is sometimes reflected in lower Sessions attendance. Despite this, we still have up to 5-7 Sparklings attending certain Sessions times!

Projects & Events: Spark Ambassadors (Ongoing)

- Spark Ambassadors is a program organized by our Outreach & Engagement Coordinators (Nick & Simran), which allows Sparklings to “shadow” the Spark Executives. This allows them to learn more about their roles and what goes into creating Spark’s programming, and also gives us the opportunity to learn how we can best support Sparklings in our mentorship program.
- We have 15 Sparklings registered in the program, and meetings will be held every Wednesday from 4:00-5:00pm for the next 6 weeks. Nick & Simran worked really hard to organize the logistics of these meetings and find a time that worked well for all 15 Sparklings and the Executives. While this time unfortunately does not fit with the schedules of 2-3 Spark Ambassadors, we are currently brainstorming other ways for them to be involved with the program.
- This semester, the Spark Ambassadors will be shadowing the Promotions & Publications Coordinators (Linda & Katie) for the first 3 weeks, and the Sessions Coordinators (Shyreen, Ellen, & Sri) for the next 3 weeks. I am excited to report on how this initiative is progressing in my next report.

Projects & Events: Hike & Hangout (Upcoming)

- Hike & Hangout is one of Spark’s staple events, and our Events Coordinators (Ethan, Yaseen, and Ashley) have been working very hard to organize it! The event is taking place on November 4th, from 10:30-2:30pm.
- We’ll be taking students on a scenic hike at Dundas Peak and taking the HSR to get there. After the hike, we’ll return to campus so students can get to know each other over some board games and refreshments.
- We have provided students with instructions on activating their Presto cards for the HSR and waivers to be signed prior to arriving.
- We currently have 30+ sign ups and are looking forward to more in the coming days before the event.

Projects & Events: First Year Formal (Upcoming)

- With First Year Formal less than a month away, we've really put a lot of effort into getting this off the ground. The Events Coordinators have been working hard to organize all aspects of the event and things have been running smoothly!
- We have communicated with AVTEK, McMaster Catering, the MUSC Administration office, and Campus Events, and have tentative orders placed with all of them, barring minor adjustments.
- We've booked DJ Migz for the event, along with Campus Events' photobooth, and a cotton candy machine provided by Red Frogs.
- Based on our costs, we launched ticket sales last week at \$40 for early bird and \$50 for regular admissions.
- On the promotions end, we had 1500 rave cards printed, 50 posters to put up around residence building halls, and the MSU Communications team provided us with 2 large banners. We've also booked out Campus Connect for this Wednesday, Thursday, and Friday this week to promote the event.
- I am really happy to share that First Year Council has been so excited and motivated to help out with promoting the event. Whether it be handing out rave cards in their residence buildings, or participating in Instagram Reels, they've been absolutely instrumental in getting our message across!

Outreach & Promotions

Summary

Our promotions this month were very prominently focused on First Year Formal. As detailed above, we had an Instagram post, 1500 rave cards, and 50 additional posters printed for the event. These expenses were all very kindly covered by First Year Council. Our First Year Formal teaser post received a lot of engagement, which we were really excited to see! The other post we made was for Hike & Hangout.

A promotional poster for a hike and hangout at Dundas Peak. The background is a scenic view of a forest with trees in autumn colors (orange, yellow, and green) and a dirt path leading up a hillside. A large, semi-transparent orange circle is centered on the image, containing the event details. To the left of the circle is a red and white compass rose. To the right is a green map with a red location pin. At the bottom of the poster, there are two logos: 'MSU spark' and 'MSU' with a stylized bird logo.
