FROM: Paige Hannan, Olivia Dodd  
SUBJECT: SRA 23J Report  
DATE: November 6, 2023

### **Progress on Year Plan**

- Made significant progress on our goal of encouraging students' environmental wellness through our recent partnership with Stop Sprawl Students

### **Past Events, Projects, & Activities**

- This weekend we collaborated with Stop Sprawl Students to promote their farm festival event
  - The event introduced students to environmental advocacy in the McMaster community, including the organizations' current work to stop the proposed changes of urban boundaries which would lead to extensive development on farmland
  - The festival included activities such as a farm tour, hearing from local politicians, learning about farming strategies and their effectiveness, as well as games and garlic planting

### **Upcoming Events, Projects, & Activities**

- We are excited to continue working with Stop Sprawl and encouraging our constituents to engage with their events and advocacy efforts
  - We will hopefully be applying for some of the SRA Special Projects fund to assist in completing the upcoming collaboration

### **Other**

- Looking forward to hopefully welcoming our third and final caucus member thanks to the November by-election!
  - We like to think that our gorgeous Canva graphics on the Instagram had something to do with that, but it's yet to be known - stay tuned and follow @srahumanities
