Information Period

Question Period

- McLean asked the President if anything was addressed about the pictures with the Prime Minister the MSU advocacy page, as there were a lot of criticisms in the comments.
- Popovic responded that they were not aware of the criticism, but there is always difficulty in making these types of decisions. They explained that the decision made was about student priorities, one of which was housing. Popovic explained that the event was about housing, and all MSU representatives were able to have one-on-one time with certain individuals. They added that the prep work was done through CASA, with preparing the asks, wants, and priorities of the student body. Popovic explained that they understand the criticism but through the MSU lens it was important to hone on those other student priorities. Popovic stated that the MSU felt that it was good to advocate on behalf of students and everyone in the community.
- Mahmoud asked Hobbs if there were any real priorities or promises that the Prime Minister made to make it worth the MSU's time and effort.
- Hobbs responded that conversations were held with some politicians more than the others. They stated that the significant part of the meeting was that they were able to deliver a document to MP Tassi about the mental health budget as there is nothing clear in there about how they're supporting PSE for mental health issues. Hobbs felt that this was a major win.
- McLean asked Popovic if there was a way for the MSU to directly address the comments left on the social media pages. They explained that the approach taken wasn't clarifying that the main focus was housing. McLean added that they were hoping to explore a way to address the student body who were disturbed by the meeting.
- Popovic responded that they were open to suggestions. They stated that the MSU wouldn't be making something up on the spot, but would consider speaking on it especially if McLean and others thought it was necessary. Popovic stated that it was important for clarification and advocating for as many priorities as possible for students.

- Khan asked Hobbs if there was a way to deliver the information on the mental health budget to MP Tassi without going to the event.
- Hobbs responded that they all went into the meeting with the recommendations prepared by CASA. They added that those recommendations were then given at the event via conversations with the politicians, and everyone was prepped on them. Hobbs explained that the previous Vice-President (Education) was helping with this as it was very early on in Hobbs's term.
- Khan asked Popovic what steps the MSU could take to address the students' concerns on the social media posts.
- Popovic stated that the MSU does try to tackle student concerns, but it can be done in different ways. They explained that it happens in the format most appropriate, with it being public or private messaging. Popovic added that there isn't a standardized solution to this and the MSU will find appropriate ways of navigating it.
- Mahmoud asked what the Board's plans were to tackle future housing issues. They stated that there are a lot of things that are still to be done, and that the City of Hamilton was responsible for building housing. Mahmoud asked Hobbs what the next steps were and what could be done, beyond meeting the Prime Minister.
- Hobbs responded that housing will be the priority at all levels. They stated that at the upcoming OUSA conference, housing will be one of the main priorities. Hobbs added that they don't have a concrete answer now, but it will be a priority internally with advocacy and the external organizations that the MSU is a part of.

Business Arising from General Assembly

1. MSU Elections Department – Online Voting Periods

Moved by Popovic, **seconded** by Pickering that the Student Representative Assembly directs the MSU Elections Department to investigate the feasibility of ending its various online voting periods, to conclude on the last day of polling at 11:59pm instead of 5:00pm.

- Popovic stated that any time a motion passes at General Assembly that fails to reach quorum, it will get brought forward to the SRA to decide upon. They stated that quorum was 800, but GA only had three people attend, including himself. He explained that this motion passed with two people in favour, one opposed, however the mover of this motion did not end up attending GA. Popovic spoke against the motion.
- The Speaker announced that the mover cannot speak against the motion that they have moved.
- Popovic rescinded their moving the motion.
- The Speaker asked for a new mover for the motion.
- Hu volunteered.

Moved by Hu, **seconded** by Pickering that the Student Representative Assembly directs the MSU Elections Department to investigate the feasibility of ending its various online voting periods, to conclude on the last day of polling at 11:59pm instead of 5:00pm.

- Hu explained that they didn't have anything to add.
- Pickering stated that it was them and their friend who were the other attendees who voted to pass this motion. They added that they don't agree with the motion.
- Popovic added that ending the voting time to be at midnight would create issues with elections and discussing fines once voting closes. They explained that by ending voting at 5:00pm, it allows the MSU to release the results within the same day. Popovic added that if this motion were to pass then

it would force the Elections Committee to meet through the night or meet the next day, and then there would be a 12-20 hour gap from the election ending and fines being discussed, and results being released. They stated that the voting period was already 48 hours and recommended Assembly members to vote against this motion.
