## **Progress on Yearplan**

On the way to establish collaboration with the MES.

## **Past Events, Projects, & Activities**

During the week before Reading week, I met with MES president Alexis to discuss areas of possible collaboration and the process it would take. Some of the ideas are in-person student engagement campaign, official observer seat on the MES council and resource sharing for events. Currently I am drafting a formal proposal which will be submitted to the MES council for discussion.

## **Upcoming Events, Projects, & Activities**

Meet your rep campaign both in-person and on social media  
Finalizing the MES x MSU collab

## **Outreach & Promotions**

Currently only regular posting of SRA agenda and meeting minutes. We are starting to repost interesting MES contents as well.

## **Successes**

(soon to be) First successful MSU x MES collaboration ever ???

## **Current Challenges**

We only have three members in the caucus. Hoping to have more people joining us in the By-election!

Best,
