Progress on Yearplan

The committee has met several times over the past two months. Our surveys to review Maroons and EFRT have been completed, and we are currently finalizing the questions before sending them out to students. We aim to distribute the surveys by the week of October 21st. They will be open for participation for three weeks.

Upcoming Events, Projects, & Activities

We plan to work on the external research portion while the surveys are open. Once we receive the responses and close the questionnaires, we will analyze the data and present our suggestions for improvement by the end of November.

Outreach & Promotions

It would be fantastic if caucus members could promote the surveys on their social media pages! The more engagement we receive, the better equipped we'll be to develop our suggestions.

Successes

Thank you to all committee members for your hard work! You've all done a great job. I'm also excited to welcome our four new observers who joined the team last week.

Current Challenges

Gathering responses for both surveys may present some challenges. If everyone could help spread the word and encourage people to fill them out, it would be greatly appreciated!
