FROM: Jazzlyn Abbott
SUBJECT: 24J Science Report
DATE: November 3rd, 2024

Dearest SRA,

I hope your midterm season has been very enjoyable and you've had a great Halloweekend!!

Food Insecurity Campaign

In partnership with FCC, the PFA committee successfully ran a campaign about food insecurity in the Hub. This event included handing out snacks to students, promoting the opening of the community kitchen, and handing out guides to students about combatting food insecurity. The brochures included information about FCC, local food banks, discounts available to students, and local programs to lower costs of food.

Breaking Barriers Conference

The Education Team and PFA committee is working towards planning the breaking barriers conference which will be taking place in January. The committee will play a role in helping plan logistics both leading up to the conference, and day of.

Recoat Expansion

One of the goals for the PFA committee has been to help ReCoat with their expansion to other post-secondaries. We have met with the Mohawk Students Association as well as recently doing a presentation for the Ontario Undergraduate Student Association. During this presentation, many of the member student unions expressed interest in founding a similar project at their school. The goal of this project is to support sustainability and affordability on campus.

Committee Interest Project

With a great amount of support on the PFA committee between voting and non-voting students, we have decided to start planning for a committee interest project completely self guided by committee members. The current plan is to move forward with a workshop for students on various topics critical to being involved in the PFA sector as a student.

Best,

Provincial and Federal Affairs!!
