## **Progress on Year plan**

As I'm sure you all know the Nursing caucus has not had a representative in the SRA for quite some time, and general awareness about the SRA is very low even within the McMaster Nursing student society (MUNSS). So, I've made my main goal for this year to better integrate myself as SRA rep into MUNSS to generate more awareness about the SRA and its role

We have arranged so that we will be in all the executive meetings of the McMaster University Nursing Student Society and will be helping to monitor for any points of advocacy and opportunities to promote the SRA

We will be meeting with all representatives from each year as well as from the various streams to understand their specific concerns and how we can address them or advocate for them within the nursing/McMaster community.

## **Outreach**

We have also gained access to the SRA Nursing social media account, and we are planning to make a collaborative post with MUNSS explaining what the SRA is and what we can do for nursing students.

Best,
