SUBJECT: SRA 24L Report
DATE: December 1st, 2024

Progress on Yearplan

The committee has been meeting biweekly since the start of September. Our surveys to review Maroons and EFRT were finalized, distributed, and are now officially closed. These surveys were finalized on October 21st and published on October 31st. Originally set to close on November 11th, we decided to extend the survey period to November 24th to allow students more time to participate amidst their busy schedules. Now that the surveys are closed, the services committee will begin reviewing the responses. Compared to last year, we saw an increase in engagement (the number of participants in the survey)! While the growth was not as large as we had hoped, any increase is still a win!
